

UltraCase Pro

DICOTA
Originals

15.0" - 15.4"

Maximum security for 15.4" Notebooks - thanks to shock-absorbing Permanent Air Cells

The safety briefcase UltraCase Pro from DICOTA is equipped with the patented, extremely robust Permanent Air Cells system (PAC), thus offering reliable safety for your Notebook from all 6 sides. The flexible air cells (PAC) automatically adjust to the height of the Notebook. Knocks and blows are perfectly absorbed, additionally protecting corners and edges.

There is plenty of room for documents in the twofold document compartment as well as in the front pocket. The workstation holds further storage space for mobile equipment (PDA, CDs, pens etc.). The especially soft, double-riveted carry handle turns transport into a comfortable pleasure! Further carrying options are provided by the shoulder strap and the fastening strap for trolleys.

Additional bonus: UltraCase Twin is manufactured from durable, water-repellent 2520 D Nylon.

Lockable Notebook compartment with PAC-padding - extremely high safety from all 6 sides. robust synthetic frame. workstation for mobile equipment. twofold document compartment. front pocket. fastening strap for trolleys. double-riveted, comfortable carry handle. shoulder strap. transparent cable bag. durable, water-repellent 2520 D Nylon.
